RE: DISCONTINUING OF SKILLS DEVELOPMENT ACCREDITATION AGAINST PRE-2009 LEGACY QUALIFICATIONS

According to the QCTO circular 2/22 on transitional arrangements for pre 2009 qualifications and unit standards, all pre 2009 Qualifications & Unit Standards registration end date is 30 June 2023. The last day of enrollment of all these qualifications and unit standards is 30 June 2024 ,whilst the last achievement date is 30 June 2027.

All SETAs offering the pre 2009 qualifications and unit standards are required to realign these qualifications into Occupational qualifications, Part qualifications or Skills Programmes as these qualifications and unit standards will not be re-registered.

As a results of the above information, the LGSETA has taken the following resolutions:

1. To discontinue all accreditation applications for pre-2009 qualifications from SDPs effective from 01 March 2023.
2. All applications received before the 28 February 2023 on the online system be concluded by no later than May 2023. All accreditation applications not concluded by May 2023 as a result of non-compliance by the SDPs be withdrawn.
3. All SDPs approved for accreditation must not have their accreditation period extended beyond 30 June 2027.
4. Allow already accredited SDPs to renew their expired accreditation with LGSETA, provided that they have exited learners against qualifications and unit standards they are accredited for.

Yours sincerely,

Mr. Frans Sechele
ETQA Manager
